

While we can't open our doors to you just yet, we can open our kitchen.

Our head Chef Ryan Moore who hails from the UK wanted the opportunity to showcase some of Britain's finest classics. Chef Ryan would like to bring some of this wholesome food from his childhood to New Zealand homes. Enjoy and be nurtured from the comfort of your abode with either fresh or frozen choices. The concept of the menu is to have different offerings so that you have options throughout the week.

We offer hot gourmet sandwiches upon delivery for hungry mouths to feed immediately, set menus with simple warming instructions, and frozen meals to help organize the rest of your week. It's our turn to help look after your family, be safe & let's get through this together.
